Flush Glazed Collection

CLEAN STYLING. GREATER VIEWS.

Invite more daylight into your home with our Flush Glazed fiberglass doors, designed with glass glazed directly into the door—eliminating the need for a doorglass frame. This construction provides a smooth, uninterrupted look with 14% more viewing area than traditional framed designs. Choose from a wide range of decorative, privacy, or clear glass options to complement any architectural style.

TWO FINISHES. ENDLESS POSSIBILITIES.

Available in both Rift Cut texture for a natural, wood-inspired grain that stains beautifully, or Satin Smooth texture for a clean, paint-ready surface that suits any color palette or design aesthetic.

DISTINCTIVE EMBOSSMENT OPTIONS.

Available with either Edge or Shaker embossments, the Flush Glazed Collection blends seamlessly with classic or contemporary homes while maintaining a refined, architectural appearance.

BUILT FOR EFFICIENCY. DESIGNED TO PERFORM.

Each door is engineered with a high-performance polyurethane foam core that delivers superior insulation and long-term durability—outperforming traditional wood doors in thermal performance. All non-decorative glass options feature energy-saving Low-E 366 for added comfort and efficiency, while impact rated glass is available on select doors to meet the needs of coastal and hurricane-prone regions.

PEACE OF MIND THAT LASTS.

Our Limited Lifetime Warranty provides lasting confidence, protecting the quality, durability, and appearance of your Flush Glazed door for years to come.

Rift Cut Texture

Satin Smooth Texture

HVHZ & WBDR Approved Options
WBDR Approved Options

All 6'8 and 8'0 doors are certified to meet high-wind standards in non-impact wind-borne debris regions

Add a modern touch with wide bar kits or a classic look with narrow bars. Narrow kits can be cut to size, while wide bars are 25" long and can be trimmed to fit your door. They easily attach to many flush glazed glass options.

To get the correct door code for Privacy + Textured glass, replace the CL code with your chosen glass option.

SIMULATED DIVIDED LIGHTS

AUTHENTIC LOOK. LOW MAINTENANCE.

Get the classic charm of true divided light styling with the efficiency of a single insulated pane. An internal mill-finish grille and backing strips replicate the look of real wood muntins—without the upkeep.

TRADITIONAL SDL CONSTRUCTION

Traditional SDL bars are injection-molded directly into our Evolve® Frame for a clean, precise fit. Frames are available in white or oak FiberMate® material.

SPECIFICATIONS

- Available in Low-E clear or Low-E textured glass
- 7/8" internal grille
- 1 1/8" external grille (SDL)
- Frame options: White or Oak
